

BHARANI DHARAN D

SOFTWARE DEVELOPER

+91 96229 08389 | bharani2246@gmail.com | github.com/Bharani-cyberfreak | linkedin.com/in/bharanidharan-d

PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience building Python and Java applications across cybersecurity, AI-integrated tools, and data-driven systems. Skilled in Flask, ChromaDB, and REST APIs, with a strong foundation in Data Structures & Algorithms. Eager to contribute as a software developer while continuing to grow through hands-on learning and industry certifications.

EDUCATION

V.S.B. College of Engineering Technical Campus, Coimbatore

Expected Graduation: 2028

B.E. Computer Science and Engineering | CGPA: 8.66

TECHNICAL SKILLS

Languages: Java, Python, C

Frameworks & Tools: Flask, Streamlit, ChromaDB, Git, Nmap

Core Concepts: Data Structures & Algorithms, OOP, REST APIs

PROJECTS

Personal Cybersecurity Knowledge RAG *Flask · ChromaDB · Claude API*

- Built a retrieval-augmented generation application from scratch with a Flask backend, ChromaDB vector store, and a custom dark-themed terminal UI.
- Integrated the Claude API to deliver context-aware, source-grounded answers over a curated knowledge base.

Password Strength Analyzer *Python · Streamlit · ReportLab*

- Designed a full OOP-based architecture to evaluate password strength using the zxcvbn library.
- Implemented automated PDF report generation with ReportLab and an interactive Streamlit interface.

Network Vulnerability Scanner *Python · Nmap · Metasploitable2*

- Developed a Python-based scanner leveraging Nmap to identify open ports and known vulnerabilities on target hosts.
- Tested and validated detection logic against a Metasploitable2 environment.

CERTIFICATIONS & ACHIEVEMENTS

- Data Structures & Algorithms using Python — Infosys Springboard (Ongoing)
- SQL Developer — Infosys Springboard (Completed)
- Python Foundation — Infosys Springboard (Completed)
- Cloud Computing — Infosys Springboard (Completed)
- Certified Cybersecurity Foundation — Hackviser (Ongoing)
- Certified Ethical Hacking & Penetration Testing (CEHPT) — Cappriciosec University (Completed)
- Solved 100+ consecutive days of problems on LeetCode (Java), earning the 100 Days Badge.

PUBLICATION

"Efficient Verifiable Search over Encrypted IoT Data with Merkle Tree-Based Integrity and Pattern Privacy in Cloud Environment"

International Journal of Drug Delivery Technology (IJDDT), Vol. 16, Issue 74s.

DOI: 10.25258/ijddt.16.74s.33

Co-authored with S. Vigneshwari, Ajay Darshan, Dharun M, Srikanth G

SOFT SKILLS

Problem Solving | Analytical Thinking | Self-Learning | Team Collaboration | Communication | Adaptability

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.

Place: Coimbatore, Tamil Nadu
